

A Presentation on

Living together? The Health and Social Consequences

A. Patrick Schneider II, MD, MPH

President, Sts. Luke and Gianna Guild, Lexington, Kentucky

Thursday, March 18, 2010 at 7 pm

**Recital Hall, Fine Arts Theatre
Viterbo University**

Dr. Schneider will review the social and medical science data now available after two generations of cohabitation in American society. He will discuss the effects *especially on women*, but also for men and children. Cohabitation affects many of our families. Come and hear what research has to say about this lifestyle.

There will be ample time for questions and discussion.
